1926 Spring Catalogue and Price List of

High Grade, Dependable

NURSERY STOCK

LOUISVILLE NURSERIES

ST. MATTHEWS, KY.

INTRODUCTION

In issuing this new catalogue, our first thought is one of thanks and appreciation to our customers whose faithful patronage we appreciate very highly, and who have been such a large factor in making our nurseries a success. It is also a booklet of information and a guide to people who may not as yet be acquainted with us. We are located one mile east of St. Matthews on the Shelbyville Pike. LaGrange and Shelbyville Interurban cars pass our stop, Arterburn Station every half-hour. Visitors "are welcome any day," between the hours of 7 a. m. and 5 p. m.

HOW TO ORDER

PRICES

Prices in this catalogue cancel all previous quotations. **Plant stock selected by customers at our Nurseries will be charged for according to their value, irrespective of price in this catalogue.** The prices in this list include all packing charges, with the exception of ever-greens, which if shipped any distance will, on account of their weight, have to be packed in strong boxes. For these we will charge cost price.

TERMS

Customers unknown to us should remit with order by check, draft or money order. For the convenience of some of our customers who are known to us or who can furnish satisfactory references we are willing to open up a charge account. All bills rendered are due **30 days net**. No new accounts opened less than \$10.

DELIVERY

To customers in and around Louisville we will deliver free of charge with our own trucks. Distant orders will be carefully packed and delivered to the freight or express office. All express or freight charges to be paid by the customer. Goods after being delivered to the railroad station will travel at the risk of the purchaser. Claims for damage while in transit must be made to the respective carrier.

LANDSCAPE SERVICE

We maintain a very efficient Landscape department, that will take care of large as well as smaller plantings. If in doubt about what to plant and where to plant let us know about your trouble and we will send one of our experienced Landscape Architects to talk the matter over with you. We make a specialty of developing new places and will be glad at all times to furnish you with plans and blue prints at a nominal cost.

NON-WARRANTY

If any nursery stock, plants, bulbs or seeds sold by us should prove untrue to name under which they are sold, or if said plant materials are delivered to the transportation company (including shipments by U. S. Mail) in an improper condition, we hereby agree, on proper proof of such untruthfulness to name or of such improper condition, to replace such plant material as originally ordered, or to refund the purchase price, at our option. Except for such liability, in respect to all said plant materials sold by us, we give no warranty or undertaking, express or implied, as to description, quality, growth productiveness or any other matter.

Cemetery Planting

Evergreens symbolize the immortality of the soul.

Plant them in remembrance of your faithful departed.

Memorial stones and monuments need not be repellent or gloomy.

We can intensify their beauty and restfulness with a proper setting of Junipers, Arbor Vitals, etc.

Information regarding this class of planting cheerfully given by our Landscape Department.
